NOTE-2.

3)

(3) Kindly see the Application of M/s Mineral Marketing Co. The Firm requires 50 (fifty) acres of land, whereas the DFO, Mysore in the circumstances reported in his letter dt 29.4.69 (P1CF) has stated that only 5 to 8 acres can be released and the CCF in his letter dt 15.5.69 (P2CF) has stated that out of the area of 56 (probably 50) acres applied for M/L only about 5 to 8 acres of land may be considered for release under M/L with the restriction "that the excavation cannot go beyond a depth of ten feet"

(4) Before considering the request of the Company the Director of Mines and Geology may be requested to intimate whether the Company is agreeable to have that small extent on M.L.

Extract of paras 5 and 6 of
AFD file no. 245 FGLG.

(Note 1)

Note 3

1) M/s. Mineral Marketing Co. have
 asked land for fieldport near
 Channudi S.F., Mysore. The area
 applied for is in the area proposed
 for "Nehru loka". Since scheme
 for "Nehru loka" is likely to take
 15 to 20 years for implementation
 the S.F.O. and C.C.F. have suggested
 about 5 to 8 acres for release on
 certain conditions

The proposal is for
 consideration in consultation
 with C.I. Dept. & the Home Dept.

will take about 15 to 20 years ~~hence~~,
it would be advantageous to
exploit the mineral wealth in
the ~~area~~ Chamundi St. area and earn
the ~~revenue~~ ^{on the minerals to be exploited}
before the ~~area~~ ^{minerals} is lost while implementing
the scheme "Kheer Roka".

We may, if approved pl.,
intimate the A.F.D. on the file placed
below that the maximum extent
possible may be released for being
granted ~~of~~ ^{under} mineral concession as
against the area 56 acres applied
for by M/s. Mineral Marketing Co.,
subject to the conditions
mentioned in the A.F.D.'s letter
dt. 29-11-69 run at Flag 'S' of
the A.F.D. file.

29/1/69

As this is a question of

(10)

grant of M., A.F.D. dept may be requested
to ^{transf. this as} transfer of these papers to this
dept for necessary actions

A.F.D. dept may agree to
the transfer of papers ^{by} ~~by~~ ^{on 29/7/69}

29/7/69

Noted (A.F.D.)

The file may be referred to C. & L. Dept for taking

necessary action.

31/7

29/7
(11) S R

12)

Pl. see ~~AF's~~ note 2 of A + F Deptt & his remarks of C + G at para note 4.

It appears not necessary to treat the A + F file ^{as} transferred to C + G in so far as the land is concerned in respect of which it would be in order if A + F Deptt issues order. Re the question of issue of Mining license

13)

is of course the concern of the C + G Deptt at which point they can take independent action. For an purpose it would suffice if C + G Deptt offers its remarks re: the lease of this land for its purpose under the circumstances explained by the C + G.

Paras 2 & 3

6.8.69

Note 6

14)

The C.C.F. in his letter dt. 13/15th May 1969 at Sl.No.1 has stated that Director of Mines & Geology has transmitted the ML application of M/s. Mineral Marketing Co., for Felspar over an area of 56 acres in Chamundi S.F. Mysore Taluk for furnishing remarks of Forest Deptt. The firm have asked for 56 acres for ML. It is reported that this land comes within the area proposed for "Nehru Loka". The letter of the Divisional Forest Officer, Mysore, copy enclosed at Sl.No.1-P2 Flag 'S' discloses that factors like public safety

Subject:

File No. AF 245 FGL 69.

M. G. A

8

WD 01050-GPB-8,00,000 13-12-65

and landsape near the hills, the nearness to the temple and the main road and the formation of 'Nehru Loka' are involved. He has stated that only 5-8 acres may be considered subject to the clearness of the factors involved in his letter dt.29-4-69 (Flag 'S'). The C.C.F. has ^{requested} ~~intimated~~ whether it would be possible for an area of 5-9 acres ^{and the same} may be ~~may~~ be conceded under ML or otherwise ^{and the same} /intimated to him. The rough sketch is on Pages 5 & 6. We have an application from the firm for M.B. (Page 8).

Whether the land proposed (?) by the Department which belongs to the Forest Department could be considered ~~for~~ in favour of the firm subject to the condition that it is clear by the Home Deptt., whether any application is required from the firm to consider the release of the exploitation of the mineral by the firm - The land belongs to the Forest area. The M.L. has to be considered by the C & I Department. But, the land has to be given by the Forest Deptt. The Note of the C & I Deptt. may kindly be seen. It may not be proper to transfer the file at this stage as made out in ~~xxxx~~ Note 4 of C & I Deptt. as ^{to have} we got ^{to have} the decision in respect of release of land in favour of firm through Mines & Geology Deptt., and as to satisfy with these conditions put in the letter of D.F.O. at P.L.

Since the land comes within the area proposed for "Nehru Loka" and we have got to consider the safety to the public and its close proximity to the City, Temple and that there is no application from the firm for the consideration for release of land, it is for orders whether

in the first instance the file referred to Home Department for opinion.

NOTE-12.

(i) The C.C.F. in his letter dated 9-9-1969 addressed to the Director of Mines and Geology has recommended for lease of 5 to 8 acres of land to the Company.

(ii) The C & I File No. CI 308 EMO 69 is placed below. Note. 11 of C & I Department with reference to Note 10, of our file may kindly be perused. C & I Department has stated that 8 acres of land out of Chamundi S.F., as recommended by the C.C.F. in his letter addressed to Director of Mines and Geology, on 9-9-69 has been sanctioned to M/S Mineral Marketing Co. (P) Ltd., for extraction of Feldspar. But they have not clarified the point whether A & F. Department has been consulted in the matter which is binding on their part according to business rules for the simple reason that the land belongs to Forest Department and A & F is the Administrative Department. They have by-passed this Department and stated ~~they~~ that they have sanctioned the land which is not correct. Therefore, C & I Department may be requested to withdraw the notification immediately and to issue the stay in the meanwhile, if ordered.

(iii) The C.C.F. while recommending has also referred Govt. letter dated 20-8-69 addressed to him. In the Govt. letter dated 20-8-69 he was specifically informed "to inform the Director of Mines and Geology that the land involved, belongs to the Forest Department and for the granting on lease of which the party has not approached Government". This does not mean that the C.C.F. should recommend the land to the Director of Mines and Geology. It is not clear under what authority he has recommended for lease. Even if it is presumed that he has specific powers which we are not aware he should have brought such orders if any to our notice before he addressed the letter ~~and the~~ to the Director of Mines and Geology. At least he has not endorsed a copy of the said recommendation to Government with reference to Government letter dated 20-8-69. The act of C.C.F. deserves serious notice. Therefore the C.C.F. may be requested to clarify the following:-

- (1) The authority under which he has recommended to lease 5 to 8 acres of land to M/S Mineral Marketing Co., for Feldspar in his letter dated 9-9-69 addressed to the Director of Mines and Geology.
- (2) When the case was yet under correspondence instead of replying to Govt. letter dated 20-8-69, the reasons for by-passing the Government and recommending to the Director of Mines and Geology.
- (3) The procedure that is being followed in the Forest Department for lease of land for extraction of minerals in the forest areas.

Feb 1

Sl. no. 1
Chief Conservator's Office,
Bangalore, dated, 13th May, 1969.

To

The Secretary to Government,
Agriculture and Forest department,
Bangalore.

Sir,

17163

Sub: ML for Felspar over an area of 56 acres
in Chamundi S.F. Mysore Taluk, Mysore Dist.
to M/s. Mineral Marketing Co.

With reference to the above subject, I write to state
that the Director of Mines and Geology in Mysore, Bangalore,
transmitted the ML application of M/s. Mineral Marketing Co.,
for Felspar over an area of 56 acres in Chamundi S.F. Mysore
Taluk, Mysore District for furnishing the remarks of this
Department.

2. On enquiry, the Divisional Forest Officer, Mysore has reported in his letter No. DMN.GLN-35/69-70 dated 29-4-69 (copy enclosed for ready reference) that out of the area of 56 acres applied for ML only about to 5 to 8 acres of land may be considered for release under ML with restrictions that the excavation cannot go beyond a depth of ten feet. He also states that the area lies in the proposed "Nehru Loka."

3. The area applied for ML lies in the area proposed for "Nehru Loka". The Government in their Order No. HD 116 TTT 65 dated 9-2-66 prohibit ~~area~~ disposal of the lands (earmarked for "Nehru Loka") for any other purpose.

4. As the area lies in the area proposed for Nehru Loka and the Scheme will take 15 to 20 years for implementation, I request you kindly intimate whether the area of 5 to 8 acres proposed by the Divisional Forest Officer, Mysore, may be conceded under M.L. or otherwise.

Orders of Government in this behalf may kindly be communicated.

Yours faithfully,

D. Rajmudappa 145
CHIEF CONSERVATOR OF FORESTS.

52 SL.No.1

Copy of the letter No.DMN.GLN-35/69-70 dated 29-4-69 from the Divisional Forest Officer, Mysore, to the Chief Conservator of Forests in Mysore, Bangalore.

Sub: ML felspar over an area of 56 acres in Chamundi State Forest, Mysore Taluk, Mysore Dist. to M/s.Mineral Marketing Co.
Ref: Chief Conservator of Forests No.B2.MIA-1940/68-69 dt 18-4-69.

I am to reply as follows:-

1. Any consideration involves two major issues viz., the nearness of the spot to the public road negotiating the temple with Mysore-Ooty trunk road and the depth of excavation. As could be seen from the sketch enclosed the ridge proposed for excavation starts from the main road which has to be kept free from all obstructions and other factors concerned in the safety of the public. Secondly excavation cannot go beyond a depth of ten feet (maximum, varying with the surrounding) and to confine only to the ridge portion. If this is stretched beyond the ridge, the landscape of the hills will be spoiled. Limited to these two factors, it cannot be estimated how far the licensee will be benefitted. However, ~~the~~ safeguarding these two important factors and also keeping in view the Government Order No.HD 116 TTT 65 dated 9-2-66, the issue may be considered.

2. If all the said factors are taken into consideration the effective area that could be thought of will be about 5-8 acres.

3. The area in question lies in the proposed "NEHRULOKA".

4. The sketch is enclosed.

5. Vide item No.1 Supra.

6. The distance from the outer " " line is about 2-3 furlongs and the Chamundeswari temple is very close to the area in question.

The original application and the sketches are enclosed.

Copy-

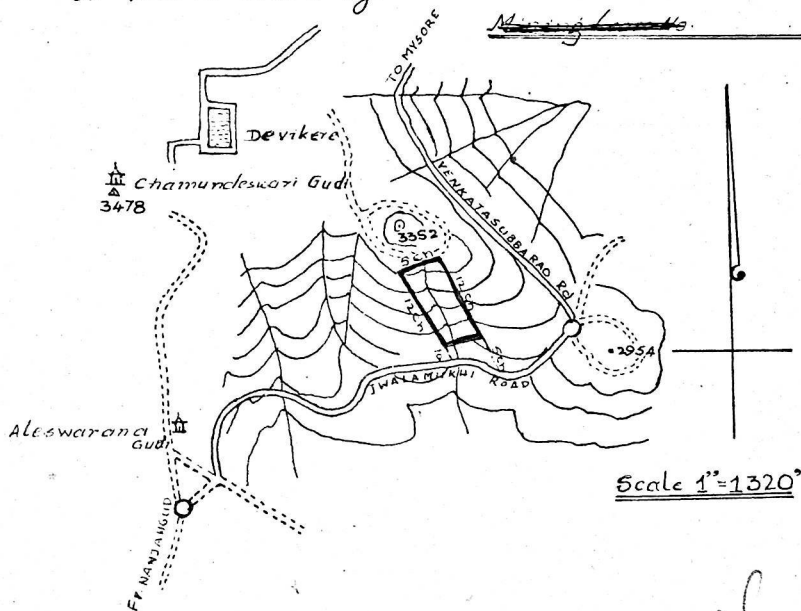

D. Rajindappa
Chief Conservator of Forests.

Sanctioned Area to M/s Mineral Marketing Co. (Pvt) Ltd.
for Feldspar
in Chamundi State Forest

Mysore Taluk
